

RH 200

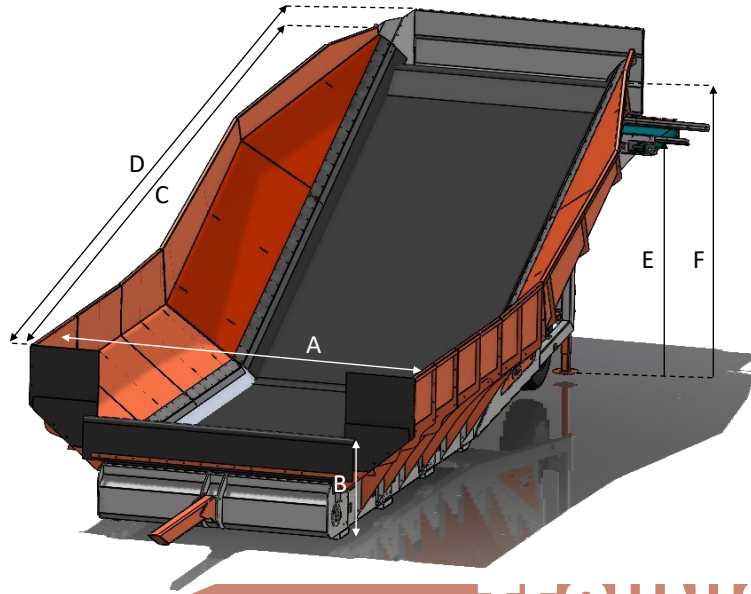

RECEPTION HOPPER
RH.200

HIGH-CAPACITY RECEPTION HOPPER

Our RH200 hopper has a capacity of 16m³ to 24m³ thanks to its 2 extensions, each of which provides an additional 4m³ of capacity. It can be used not only for large-scale storage, but also as a 2-in-1 solution thanks to the integrated delimeter option (roller or star). Once an extension has been added, a removable door is included on each side (right and left) of the hopper to make it easier to open swing doors on trailers when unloading.

The hopper is also equipped with wheels and a drawbar to make it easier to move and set up. Adjustable support legs stabilise the hopper during work.

DIMENSIONS

0 / 1 / 2 EXTENSIONS

A : Internal width of the hopper	3 000mm
B : Min. emptying height trailer	800mm
C : Total length without cross conveyor belt	5 900mm / 7 150mm / 8 400mm
D : Total length with cross conveyor belt	6 480mm / 7 730mm / 8 980mm
E : Outlet height with cross conveyor belt	1 800mm
F : Exit height without cross conveyor belt	2 100mm

TECHNICAL CHARACTERISTICS

OPTIONS

Cross exit belt width 600mm

1 or 2 extensions
(additional 4m³ / extension)
with 2 removable doors

Roller delimeter
(only on the cross conveyor)

Star delimeter

MOTORIZATION

1 motor 0,37Kw

CAPACITY

Without extension: 16m³
With 1 extension: 20m³
With 2 extensions: 24m³

FEEDING CARPET WIDTH

2 000mm

CONTROL

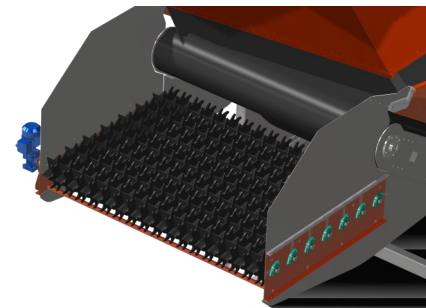

By wired remote control (10m)
Stop / Start / Speed

ROLLER DELIMBER AND ELECTRIC BOX

WHEELS AND ADJUSTABLE STANDS

STAR DELIMBER DIRECTLY AT THE HOPPER OUTLET
(WITHOUT CROSS CONVEYOR)
